# Organize a Group Cleanup

Hosting a neighborhood, shoreline, or waterway cleanup is easy and fun, and we are here to help you succeed!

**Here is how our free platform can help you, and how to get started:**

- Once you create an account, you will be able to post your cleanup event.
- Your cleanup will then be included on our public search page (unless you mark it as private) which will help you recruit volunteers.
- You will have a unique URL for your cleanup event so that you can share your cleanup via social media and email.
- Your cleanup also will be included in our Tuesday email alert to volunteers who have asked to be notified of upcoming cleanups near them.
- You can manage your cleanup and communicate with volunteers who have signed up.
- We provide our standard Waivers and Community Service forms if you do not have your own.
- We are here to help should you have any questions or need guidance.

Before you get started, you might find our “[Host Your Own Cleanup](#)” guide handy.

Volunteer Waivers can be [downloaded here](#)

If you have questions, feel free to email us at [info@VolunteerCleanup.Org](mailto:info@VolunteerCleanup.Org)
